

**VASAVI COLLEGE OF ENGINEERING (AUTONOMOUS)  
DEPARTMENT OF CIVIL ENGINEERING**

**ACADEMIC INITIATIVES DURING LOCKDOWN PERIOD**

The raging Covid-19 pandemic forced the Government of India to impose nationwide lockdown w.e.f. 16<sup>th</sup> March, 2020. As a result of this, the ongoing semester (second semester of AY 2019-2020) suffered a serious setback. The initial 2-3 weeks' time was spent by all the citizens to cope up with the lockdown situation and to take care of their households and essential goods and services.

Soon a need was felt in the College and the Department of Civil Engineering to face the challenging situation and save the academic year.

The faculty members under the leadership of the Head of the Department began meeting online and made the first move to face the enormous challenge of educating the students while ensuring their health and safety.

The following is the chronology of developments that took place:

1. Online classes commenced for the students of II, IV, VII and VIII semesters of B.E.(Civil) engineering with effect from 13<sup>th</sup> April,2020 as per the following schedule:

BE II Semester	: 23.04.2020 to 22.05.2020
BE IV Semester	: 13.04.2020 to 15.05.2020
BE VI Semester	: 18.04.2020 to 15.05.2020
BE VIII Semester	: 18.04.2020 to 09.05.2020

2. Initially, classes were conducted on the Zoom platform. Considering the time limitations imposed by Zoom meetings, it was decided to switch over to CISCO-Webex platform.
3. The department took the initiative to form the whatsapp groups for the students as well as their parents thus giving them an opportunity to interact with the Head and faculty members of the department.
4. Several faculty meetings were conducted in virtual mode from time to time to chalk out the strategy and also to review the progress of the students in learning subject content online.
5. Some students belonging to remote areas and students belonging to socially disadvantaged groups of the society faced difficulty in attending classes using laptop/PC/smart phone. All such problems have been brought to the notice of the department and a detailed list of students in need was prepared.
6. The faculty members and HoD took the initiative to contact all the alumni of the department with an appeal to financially support the above-mentioned students to facilitate online learning. The department received a hearty and enthusiastic response from the alumni. As a result, several needy students received laptops/smart phones.

The management also kind to provide laptops to some needy students.

7. The department in collaboration with the college authorities arranged for remote access to library books. In addition, students were also given information about online resources/videos/NPTEL etc by the faculty members.
8. Faculty members took the initiative to interact with the students on a continuous basis to provide advise and emotional support to the students and helped them to overcome the stress created due to isolation during the lockdown period.
9. Faculty members took the initiative to use virtual laboratory platform to impart knowledge to the students on laboratory course.
10. Upon the completion of online classes, revision classes were conducted as per the following schedule.

BE II Semester	: 08.06.2020 to 20.06.2020
BE IV Semester	: 08.06.2020 to 20.06.2020
BE VI Semester	: 15.06.2020 to 20.06.2020
BE VIII Semester	: 08.06.2020 to 13.06.2020

11. Faculty members shared their mobile numbers with the students and encouraged them to pose queries daily.

These academic initiatives played a key role in educating the students during the lockdown period and to save the academic year.

Timetables are as follows
