

Department of Mathematics

The following are the suggestions made by members of BOS, Held on 30.07.2021(ONLINE)

1. Change of title of BE II Semester paper for CSE, CSE(AIML) & IT students from 'Advanced Calculus and Differential Equations' to 'Differential Equations & Vector Calculus'.
2. Change of title of BE II Semester paper for Civil, ECE, EEE & Mechanical students from 'Advanced Calculus and Complex Analysis' to 'Differential Equations & Complex Analysis'.
3. Change in the title of Unit-2 i.e Multivariable Calculus to Functions of Several Real Variables for the courses Calculus and Linear Algebra (For CSE & IT) and Calculus (For CIVIL, EEE, ECE & MECH) of I-SEMESTER.
4. Change in the title of Unit-4 i.e Complex Variables (Differentiation) to Differentiation of Complex Functions and the title of Unit-5 i.e Complex Integration to Integration of Complex Functions for Civil, EEE, ECE & MECH branches of B.E., II-Semester.
5. Change in the title of Unit-3 i.e Linear Differential Equations to Higher Order Linear Differential Equations for courses Differential Equations & Vector Calculus (For CSE & IT) and Differential Equations & Complex Analysis (For CIVIL, EEE, ECE & MECH). Also in the title of Unit-4 i.e Improper Integrals to Beta – Gamma Functions for courses Differential Equations & Vector Calculus (For CSE & IT).
6. The course Partial Differential Equations and Numerical Methods for ECE Shifted from III-Semester to IV – Semester.
7. Introduction of Skill Development Course aptitude-I and aptitude-II to B.E., III and IV Semesters.
8. The course Matrix Theory and Vector Calculus of III-Semester Bridge Course is to be distributed to B.E., III-Semester (For CSE, EEE, ECE & IT) and IV-Semester (For CIVIL & MECH).
9. Include <https://www.coursera.org/in>, <https://codingthematrix.com>, <http://davidbau.com> in online resources.

  
(Dr. C Goverdhan )  
(OU Nominee)

(Prof. D.Srinivasacharya)  
(Subject Expert -1)

  
(Prof. M A Srinivas)  
(Subject Expert-2)

  
(Dr. T Sudhakar Rao)  
(Chairman, BOS)
