Our Vision

To be a center for imparting Computer Science and Engineering education and to serve as a valuable resource for the industry and society

Our Mission

To enable the students to develop logic and problem solving approach to help build their careers in the field of computing and provide creative solutions for the benefit of the society.

PEO's

(i) Solve problems in a modern technological society as valuable and productive engineers.

(ii) Function and communicate effectively, both individually and within multidisciplinary teams.

(iii) Be sensitive to the consequences of their work, both ethically and professionally, for productive professional careers.

(iv) Continue the process of life-long learning.

1. PROFESSIONAL BODIES

a. Student IE Chapter

“Aptitude Test” in association with the Student IE Chapter (Institution of Engineers) was conducted for B.E. 2/4 CSE students on 1st February 2017.

The main objective is:

- ✓ To test students' logical and reasoning skills which plays a crucial role on their upcoming career.
- ✓ To provide a platform to express their logical skills in a stipulated amount of time.
