**Faculty Feedback and Action Taken Report**

**A. Curriculum**

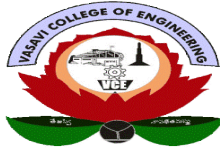

S.No.	Feedback	Action Taken
1	If possible, try to increase number of lab hours two to three for core related subjects.	Three lab hours are provided for all core lab subjects.
2	It is better to arrange book exhibition in every semester.	Book exhibition is proposed to organize in every semester.
3	Students should be encouraged in more hands-on projects by means of competition or Tec fests.	Students are encouraged for more hands-on projects through mini projects, theme-based project and also electro officina hardware contest.

**B. Infrastructural facilities**

S.No.	Feedback	Action Taken
1	There are more Mosquitos in the classrooms.	All classrooms are now provided with mosquito meshes.
2	Please provide clean drinking water in the campus.	Two RO plants are installed in the campus.

**Feedback and Action Taken Report on Exit Survey**

S.No.	Feedback	Action Taken
1.	I have enjoyed the learning experience at Vasavi College. There were many opportunities provided by the college at Campus placements especially this year. It would be better if the college improve the sports facilities provided to the students.	-
2.	The classrooms need to have mosquito meshes especially the ones in ground floor. More hygienic measures need to be taken care in the washrooms.	Permanent Mosquito meshes are provided for all windows. Hygiene measures are improved in washrooms.
3	More Extracurricular activities should be included	Nine different clubs are offered under ECA
4	Please include NCC in your curriculum it helps in many ways in future for students. As an A certificate member I couldn't able to continue further because there is no facilities provided by the college. Conduct more physical activities, sports also co-curricular activities it encourages students builds confidence in them also improves their relationship with faculty. Conduct fest every year it encourages students to showcase their talent builds integrity and gives the energy to carry throughout the year. It is also important for college reputation please consider this point.	One hour for Sports and One hour for Library is allocated in timetable. Mandatory Co-curricular and Extra Curricular activities are included. College organizes Acumen (Technical Fest) and Euphoria (Cultural fest) every year. Due to COVID college couldn't organize fests during 2020-2022.
5	I cleared a recruitment process conducted by Accenture. But didn't get any offer letter as of now. Don't know where it all went wrong and I don't know who exactly to contact.	Representation is given to Accenture and Accenture didn't accept his request. His profile is submitted to RCI and he was interviewed and provided with a job as Graduate Trainee Apprentice.
6	please conduct fests	-
7	Play ground is very small	-
8	I am fully satisfied with the courses only one small suggestion I give is to replace the Green boards for teaching by digital boards.	Few classrooms are equipped with smart boards.
